TO WHOM IT MAY CONCERN,

Please find enclosed Resume in application for the post advertised in the Guardian.

The nature of my degree course has prepared me for this position. It involved a great deal of independent research, requiring initiative, self-motivation and a wide range of skills.

I enjoy being challenged and working on projects that require me to work outside my comfort and knowledge set, as continuing to learn new technologies and development techniques are important to me and the success of your organization. Your listed requirements closely match my background and skills.

Thank you for taking the time to consider this application and I look forward to hearing from you in the near future.

Yours sincerely,

YAGNIK R KARDANI
