Description:

- Don't be that guy who never pays his debts.. "Pay every debt as if God wrote the bill." - Ralph Waldo Emerson.
- Finally, a clean place to keep track of bets between friends!!
- Bet, track, chirp, and get what's yours! Men pay up.

TOP 5 REASONS WHY YOU SHOULD USE PAY UP:

- IT'S FOR YOU: Pending that you're a sweet dude and so you probably like to make fun bets.
- IT'S FAST: Even if you were hauling an old granny, her 2 cats, a litre of cola, and a handful of meatballs out of a burning building, you could probably still manage to add a new bet to the app in under a minute.
- IT'S ALL HERE: You need a simple, clean and quick place to keep track of what's paid and what's not. Men pay up.
- THE ART OF THE CHIRP: Trash talking is an essential part of the game. So we made it easy to chirp via Email, Facebook, Twitter and more.
- THE PROPOSITION: Propose a challenge. No, propose a bunch. Good times start here.

Platform:

IOS 5.1 to 7.1.1. Compatible with iPhone, iPod touch, and iPad.

Description:

- It is a mobile application which allows the user to fetch the location information of the person.
- Once the location is fetch in longitude and latitude wise it give the facility to the user to retrieve the data of person from database.
- This data of person includes the full name and address.
- One can retrieve the 20 person's details from the given database.
- User will then be presented with the capability to enter in a comment on a different screen then submit.
- User can then click on GPS button to show other houses.
- When one turns on the app it will geo-locate (using lat/long) and pull down all the data voters within one tenth of one mile so the user can "see" all of the voters that are close to him/her. Pins are dropped where these voters are. (Pins are specific to each voter. There are probably 30 different variables for which pin to drop)...
- The user can press on a pin and get a little more information on the voter.

Description:

- Trick Lister is here to prevent you from losing track of spots you want to hit and tricks you want to do. .Less Work, Less Time, More Ripping, More Footage.
- Great for not only skaters, but photographers and filmmakers as well!
- First off, we've added a keypad lock feature so none of your nosey friends bite the tricks you want to do or try to one-up the tricks you did!
- Add and edit tricks with a lot of customizable options like:
 - Name, Date, Spot Details, Spot Pics
 - And the ability to Pin Point The Spot On A Map!
- Optional details for every trick are:
 - Which photographer took the snap ? Who filmed it ?
 - And what project (video? mag article? ad?) you want the trick for
- Tag landed tricks as 'Landed' and easily pull up their details from a separate page at any time.
- Add a limited number of tricks to the 'Focus' page in order to get more done than the scatterbrained skaters with no plan.
