Hello,

I trust everything is groovy there...

I just went through your requirement of **Web Developer and Designer**, I found that you are looking for someone who can **Develop and Design Website** for you and **manage project delivery**. I can doubtlessly Develop/Design it with Best Quality.

My knowledge and skills match your requirement. With more than **4 years** of hands-on experience in effectively Develop and Design Websites and Web Applications with Morden Tactics of programming platforms like **WordPress, PHP, Perch and Shopify**. I can Develop **APIs, Plugins and Design Customize Themes** as well.

In addition I am efficiently working on PHP Framework like **Codeigniter, Laravel** and Front-end Framework like **HTML and CSS, bootstrap, JavaScript, JQuery, Ajax** and so on. What's more, I have broad involvement in Graphic Designing utilizing **Adobe Photoshop, Illustrator and InDesign**.

It would be glad if you pause for a moment to survey my portfolio…
